interruptions and possibility of higher fuel cost.

Contact: Shannon G. Ph: (701) 848-6150

## What's Next? Propane

▶ **Doug Skjoldal will be retiring March 31st. We would like to thank Doug for his 29 plus years of service w/ Farmers Union Oil.**

Austin Engh will be taking on the role of Propane Manager. Please feel free to contact Austin Engh or Pete Johnson for all of your propane needs.

Winter Fill Propane ends Mar 31. Any unused pre-pay funds will be credited back to the customers account. Summer Fill Propane begins June 1<sup>st</sup>, 2026, starting w/ a cost of \$1.15. Propane costs thereafter will be market price, adjusted through Aug 31, 2026.

▶ **Get on our Keep Full Propane program and never have to worry about your tank running low.**

**NEW**

FUO will have a **New Food Trailer** available for community events.

Contact Ashley at our office for more info.

Ph: (701) 385-4277

**Cenex Grease 15% off**  
**DEF (Packaged) 15% off**

Pre-orders available for large orders  
& non-stock items

## Agronomy

### Take advantage of our Deferred Chemical Program

- Program Starts April 16th (through Sept 30<sup>th</sup>)
- No interest until November 2, 2026
- Final payment due February 1, 2027.

This is a great opportunity to secure your crop protection products now while managing cash flow later.

Contact Mitch (701) 848-6888 for a chemical contract.

### Granular Inoculants - Book Early

Supply constraints are expected with one key brand. We encourage you to reserve your granular inoculants early to ensure availability for the planting season.

### Seed - Secure Your Needs Now

To guarantee access to preferred hybrids and varieties, please book your seed as soon as possible. Early planning ensures the best selection and performance.

### Fertilizer Market Update

Fertilizer markets remain firm this season. Booking early helps protect against further price increases and supply challenges.

### Expanded Equipment & Capacity

We've invested in new equipment to better serve your needs;

▶ Upgraded fertilizer spreader. ▶ Additional semi tender truck. ▶ Updated sprayer for improved efficiency and timeliness. ▶ Additional CDL drivers. These upgrades help us deliver faster, more accurate application and better overall service.
